Public Notice to Caledonia Residents

Effective immediately, the Leaf Drop-Off area near the corner of 66th Street and McCords Ave has discontinued service.

Unfortunately, this site, which was intended to be a leaf drop-off for area residents, has become a convenient dumping ground for yard waste, brush, fallen trees, and other debris by residents, non-residents, and commercial operators. This continued abuse and required maintenance have increased taxpayer costs to a level that can no longer be justified. The Township will pursue municipal citations against anyone found leaving any waste at the site.

We apologize for this inconvenience to those Caledonia residents who have responsibly used this site for its intended purpose. Township staff have begun the process of researching other alternatives to help continue making Caledonia a great place to live.

Caledonia Township Board of Trustees
